EXPLORE *the* POSSIBILITIES

At the center of every home is the kitchen, where your personal style and pride are on full display for every guest and loved one. We're honored to be a part of creating that warm, inviting space for your family, and are committed to making beautiful, high-quality products for your home. For over 100 years, we've been manufacturing our cabinets here in America. We hand-craft each cabinet with care for elegant, long-lasting cabinetry that will see your family through the years.

Because we offer a nearly limitless array of styles, finishes, and modifications, we created this Selection Guide to help you choose the cabinetry options that best reflect your personal taste and the way you live. Share your ideas with your designer, who will help you plan the perfect room. The end result will be a stunning pairing of style and function that garners oohs and aahs all around.

Yorktowne offers three types of door/cabinet construction: Inset, Framed full overlay and Framed half overlay. All are structurally sound, the difference is purely aesthetic. Use this guide to explore your options.

HISTORIC SERIES – Inset

The Historic series includes two standard face frame options and two standard hinge types.

FACE FRAME OPTIONS

- Beaded face frame includes a rounded groove within the face frame, closest to the doors/drawer fronts.
- Non-beaded face frame maintains original specifications.

Beaded

Non-beaded

HINGE OPTIONS

- Concealed hinge with integrated Quiet Close (not visible from the cabinet exterior).
- Barrel hinges include a finial detail; are visible from the exterior and are offered in four finishes.

Flat Black

Antique Brass

Nickel

Oil Rubbed Bronze

ICONIC AND CLASSIC SERIES – Framed

OVERLAY OPTIONS

Iconic and Classic door styles are either full or half overlay. Full overlay door styles cover almost the entire face frame when closed and require hardware. Half overlay door styles cover part of the face frame when closed and can function without hardware.

CHERRY

Available in HISTORIC, ICONIC and CLASSIC

- Rich color and smooth, flowing grain patterns
- Color varies from light pink to dark brown; variations are more prominent with lighter stains
- Will darken or mellow with age, a change that is more noticeable with light stains—sun exposure greatly accelerates this process

MAPLE

Available in HISTORIC, ICONIC and CLASSIC

- Smooth texture with tight, uniform grain patterns
- Color is creamy white, varying slightly from almost bright white to light pink or reddish brown
- Contains a natural resin that causes the wood to turn amber as it ages, a change that is more noticeable with light stains. Sun exposure greatly accelerates this process.

RUSTIC MAPLE

Available in ICONIC

- A dense hardwood with smooth texture and closed grain pattern
- Colors range from creamy whites and light tans to almost black in knotty areas. Bark pockets and mineral streaks can be evident in a single stave of wood.
- Color shift is more evident in lighter finishes
- Medium and dark finishes obscure much of the wood's color variation and the overall finish appears more consistent

ANTIQUÉ DISTRESSING

Available in HISTORIC and ICONIC

Expert craftsmanship creates this antique look by lightly distressing the wood for a subtle, worn appearance. This decorative art form gives the wood a slightly aged feel, adding character and a one-of-a-kind patina. Characteristics inherent in this technique include sanded corners/profiles of doors and drawer fronts, as well as small dings and dents.

Antique Distressing available on cherry, knotty alder, maple and rustic maple with glaze and highlight finish in our standard offering. Rustic maple not available in Historic.

① Sanded corners ② Dents ③ Glaze hang-up

LEGACY DISTRESSING

Available in HISTORIC and ICONIC

Yorktowne's Legacy Distressed finish is created when our finish experts physically distress the wood to evoke an aged appearance. Along with the characteristics of Antique Distressing, the Legacy finish features rasping, worm holes, chisel marks, and knife splits. In addition to physical distressing elements, cowtailing is applied.

Legacy Distressing available on cherry, knotty alder, maple and rustic maple with glaze and highlight finish in our standard offering. Rustic maple not available in Historic.

STONE BROOKE COLLECTION

Available in HISTORIC and ICONIC

This unique finish is achieved by artfully brushing multiple glaze materials onto a stained surface. Thicker than a normal glaze, the varying shades of application create a subtle textural feel and appearance. Available on select door styles in quartersawn oak in Historic and oak and quartersawn oak in Iconic.

APPALOOSA COLLECTION

Available in HISTORIC and ICONIC

Appaloosa finish characteristics include a semi-transparent stain, distressing (including sanded corners and profiles, dents, worm holes, knife marks, and cowtailing) and glaze hang-up. Glaze brushed accents are also added to enhance the depth of the finish. All physical and finish elements are hand applied, giving each piece a unique time-worn appearance.

Appaloosa finishes available on maple, rustic maple, cherry and knotty alder. Rustic maple not available in HISTORIC.

DRAWER CONSTRUCTION

We use the same solid construction techniques across all our product lines, giving you trustworthy durability and lasting strength. Drawers feature:

- 5/8" thick hardwood sides
- 1/4" thick fully-captured drawer bottom
- Furniture-quality dovetail construction
- Sealed with clear coat for easy cleaning

NOTE: Wood character and color variations are visible in hardwood.

PLYWOOD

We ensure that our plywood meets or exceeds the highest standards for air quality (including TSCA Title VI and CARB emissions standards).

For plywood upgrade cabinets, we use only the highest grade materials, including two types of plywood:

- Traditional plywood with an all-fir-crossband core has an ideal strength-to-weight ratio for many cabinet parts, so it is used for end panels, shelves, I-beams, hanging rails, etc.
- Engineered plywood with an MDF crossband core creates a superior surface for accepting stains and paints, so it is used for finished surfaces such as finished ends and matching finished interiors.
